

COOK'S DELIGHT SEAFOOD BASES

From
PGI Foods & Integrative Flavors

The secret to creating great seafood soup is to start with a great seafood base. At PGI Foods, we rely on Cook's Delight bases to amplify the flavor in our premium seafood soups. Beyond soups and chowders, they are also indispensable for seasoning seafood sauces, dips, spreads and entrees. Most are Non-GMO and all are gluten free and MSG free. These shelf-stable paste bases have a two-year shelf life, though refrigeration is suggested to maintain optimum flavor. Non-seafood bases, including beef, poultry and vegetable bases are also available. Reach out to us for more information and samples.

Seafood Bases

Available in 8 lb pails, shipped x1 per case
